DRIVING SCHOO L & TRAINING CENTRE

OWN/CUSTOMER SUPPLIED VEHICLE FORM - BASIC REQUIREMENTS FOR HEAVY VEHICLES USED FOR LESSONS AND TESTING <u>MUST BE RETURNED UPON BOOKING TO CONFIRM - VEHICLE DETAILS ARE IMPORTANT</u> TO CONFIRM IT IS SUITABLE FOR TRAINING/ASSESSMENT

(THIS FORM TO BE USED WHEN CLIENTS SUPPLIES THEIR OWN/CUSTOMER SUPPLIED HEAVY VEHICLE FO	
 (THIS FORM TO BE USED WHEN CLIENTS SUPPLIES THEIR OWN/CUSTOMER SUPPLIED HEAVY VEHICLE FO ROADWORTHY REQUIREMENTS: I understand that the vehicle I am presenting needs to ensure that the following operate correctly and show no defects: Lighting to front and rear (and side lights if fitted) are to be operating correctly and lens glass not to be missing or cracked. Lights to be clean of dirt and grime build up. Headlights, indicators, reverse lights, brake lights, number plate lights to 	R TRAINING & ASSESSMENT) PLEASE TICK TO
 be operating and checked prior to lessons or testing. Reflectors & Rear Marking Plates to be fitted/in tact Horn to operate correctly / Reverse beeper to operate correctly Tyres to show at least 1.5mm of tread all round. Windscreens and windows to be clean and not cracked. All mirrors to be in place (Rear/Side L+R) to be clean and not cracked. Cabin to be clean and tidy. Brakes to operate correctly, including any handbrake, (without air leaks.) Safety/Warning triangle kit available (For Vehicles greater than GVM 12t). 	AGREE/ACKNOWLEDGE THIS INFORMATION HAS BEEN READ & UNDERSTOOD
 Refer to further information of roadworthy requirements in the below guides relevant to your vehicle: https://mylicence.sa.gov.au/ data/assets/pdf file/0010/174097/MR1 566_HV_Drivers_Handbook.pdf https://www.sa.gov.au/ data/assets/pdf file/0007/12967/TRAINEE_G UIDE_LR_MR-2018.pdf https://www.sa.gov.au/_data/assets/pdf_file/0004/6376/TRAINEE-GUIDE-HR-HC-2018_1.pdf 	
 HEAVY VEHICLE/TRAILERS MUST BE REGISTERED AND INSURED HEAVY VEHICLE/TRAILERS PROVIDED MUST BE REGISTERED AND INSURED Accustom will check registration via Ezyreg If Vehicle is registered interstate (not SA) please provide proof of registration/insurance (CANNOT HAVE FEDERAL PLATES/REGO) 	PLEASE TICK TO AGREE/ACKNOWLEDGE THIS INFORMATION HAS BEEN READ & UNDERSTOOD

NOT SUITABLE VEHICLE TYPES FOR TRAINING & ASSESSMENT CONDITIONS/COMPLIANCE: Most vehicles will be suitable for CBT&A however, some may have restrictions placed on them as follows; DANGEROUS GOODS VEHICLE -These vehicles must not be used to conduct any training or assessments in the CBT&A program whilst carrying dangerous goods. LIVESTOCK TRANSPORT VEHICLES - These vehicles must not be used to conduct any training or assessments in the CBT&A program when carrying livestock. FEDERAL INTERSTATE REGISTERED VEHICLES - These vehicles must not be used to conduct any training or assessments in the CBT&A unless approval is given from DPTI and a current permit issued. SPECIAL PURPOSE VEHICLES - Vehicles such as mobile cranes, fork lifts, tractors, etc. which are not able to sustain normal road speed limits, or any vehicles which are over-width or over- height are not considered suitable for testing.	PLEASE TICK TO AGREE/ACKNOWLEDGE THIS INFORMATION HAS BEEN READ & UNDERSTOOD
L PLATES: I understand any vehicle used for lessons and testing must display L plates clearly visible to the front and rear of the vehicle. These plates are to be fitted prior to lessons and testing by the learner and are not the responsibility/not supplied by Accustom. (Some vehicles are difficult to attach L plates to, if unsure speak to the Accustom office/instructor prior to the lesson or test date).	PLEASE TICK TO AGREE/ACKNOWLEDGE THIS INFORMATION HAS BEEN READ & UNDERSTOOD
 LADEN/LOADING FOR TRAINING & ASSESSMENT CONDITIONS/COMPLIANCE: I understand that it is a government requirement that all Medium Rigid, Heavy Rigid and Heavy Combination vehicles are 75% laden during all training & assessments. (LR & Special Vehicles ie Bus/Motorhomes are exempt to loading). All loads must be fully secured and covered where appropriate in accordance with all relevant law and legislation. There are no restrictions of the type of load carried other than those mentioned in unsuitable vehicle types and that all requirements concerning carriage of load must meet load restraint requirements as stated in the current 'Load Restraint Guide'. The laden vehicle must have a mass, which is at least 75% of the maximum mass allowable over each axle group (excluding buses). Please discuss your laden/loading options with Accustom & also view this link on how to correctly load: https://www.ntc.gov.au/sites/default/files/assets/files/Load-Restraint-Guide-2018.pdf 	PLEASE TICK TO AGREE/ACKNOWLEDGE THIS INFORMATION HAS BEEN READ & UNDERSTOOD

CONDITIONS/COMPLIANCE + COMPANY FEE'S & REFUND POLICY: I understand that presenting an un-roadworthy or insufficiently loaded/laden or vehicle specified not suitable for training & assessment scheduled will cause them to be cancelled and all fees associated with this test to be forfeited as per Accustoms Fee's & Refund Policy: Please note we require a minimum of 72hour's (3 full business days) notice of any cancellation of practical driving lessons for consideration of re-scheduling where possible. Once a driver vehicle on road test (VORT) or CBT&A final drive assessment is booked, if cancelled for any reason a refund may not apply. I understand to re-schedule any training or assessment after cancellation requires extra fee's to be paid before new dates/times are offered (within 72hour cancellation timeframe or if assessments are already booked in via DIT). The policy above is for Kadina located training & assessment clients only. If training & assessment is located elsewhere (training & assessment location not at Kadina SA) our policy is a 7 business days cancellation/rescheduling notice required or as agreed upon with written documentation (emailed agreements). I understand to re-schedule any training or assessment after cancellation requires extra fee's to be paid + quoted travel cost or fee's before new dates/times are offered.	PLEASE TICK TO AGREE/ACKNOWLEDGE THIS INFORMATION HAS BEEN READ & UNDERSTOOD
GOVERNMENT/DEPARTMENT AUDITS: Please note: A government auditor from DPTI may be present for any commercial test. Please be aware that if you are using your own heavy vehicle and it only has 2 seats fitted a 20-minute audit drive may be necessary prior to your test. These audits are conducted at random by the government regulating body DPTI. There is no additional fee and these audits are compulsory when requested.	PLEASE TICK TO AGREE/ACKNOWLEDGE THIS INFORMATION HAS BEEN READ & UNDERSTOOD
DAMAGES/INCIDENT OCCURRENCE DURING TRAINING & ASSESSMENT: I understand Accustoms Instructors are not responsible for any damages/incidents which occur in vehicle supplied during training & assessment such as: fines for speeding/law breaches, physical damages. Accustoms Instructors will guide students/attempt to control and avoid these situations as best as possible but the student in control of the vehicle is responsible to follow instructor's instructions.	PLEASE TICK TO AGREE/ACKNOWLEDGE THIS INFORMATION HAS BEEN READ & UNDERSTOOD
 Please take photos of your vehicle and send in along with these forms: Both Sides Front Back At least 4 photos of the above. 	PLEASE TICK TO ACKNOWLEDGE PHOTOS HAVE BEEN PROVIDED ALONG WITH THESE FORMS

ASSESSMENT VEHICLES TYPES:

CLASS LR

A two axle rigid vehicle more than 4.5 tonnes Gross
Vehicle Mass (GVM) but not exceeding 8 tonnes GVM.
A bus designed to carry more than 12 seated adult
persons (including the driver) with a GVM not exceeding 8 tonnes

PLEASE TICK TO AGREE/ACKNOWLEDGE THIS INFORMATION HAS BEEN READ & UNDERSTOOD

CLASS HR

- A three or more axle rigid vehicle, with a registered GVM greater than 15 tonnes.

CLASS HC

- Prime-Mover with bogie drive.
- Trailer with bogie or tri axles and a minimum length of 11 metres.
- HC Trailers must comply with
- minimum length of 11 metres with

the length of full configuration of vehicle and trailer not exceeding 19 metres. OR

1010

- A three or more axle rigid vehicle with a registered GVM greater than 15 tonnes and a GCM greater than 24 tonnes,

towing a two or more axle (dual wheel)

self-steering 'dog' trailer with a GVM greater than 9 tonnes.
